every year, one after the next, life fluctuates
one day is like another
those at its helm, those alive with its actions are a body
of persons . . . student administration
people working with the administration for the students
guiding activities and watching products born
inside and out, the festival of ideas, homecoming and others
no one kind, but many and always action

To the Monticola Advertisers

The cost of any major publication is great; without help from our advertisers, the cost of this yearbook would surpass the monetary resources of any student.

Placing your advertising in our yearbook emphasizes your interest in West Virginia's college people. To recall memories of those college years, what better way than to leaf through a yearbook? Here your ad will be permanently preserved, to be noticed in years to come.

The Monticola is an instrument of communication between the often isolated life within a university and the active everyday life in the outside world. With continual communication between you and the University, the terms "town" and "gown" will no longer create an antithesis.

With greater enrollment each year at West Virginia University the Monticola can be expected to parallel this growth. This is only possible when our advertisers maintain their support of our publication.

Therefore, we sincerely thank you.

Will he take the right road?

On the threshold of his career. He can go in many directions. We think the right road is here in West Virginia.

Our young people need new jobs and greater opportunities. This is one of the reasons Hope Natural Gas has a vigorous industrial development program to bring new enterprises into West Virginia. That young man is one of our state's most valuable resources. We want him to stay here.

SENECA CRYSTAL

Thousands of American hostesses cherish Seneca Crystal in their homes. These are the same exquisite patterns that have graced the tables of the White House and have accented formal occasions in many governors' mansions, embassies, and foreign palaces.

Most Seneca crystal designs are avilable in a full range of pieces: goblet, sherbet, wine, cocktail, cordial, juice, ice tea glasses, and plates.

YOU ARE INVITED. When you are in Morgantown, take a guided tour through our glass factory. Tours last 45 minutes. Do stop in for a visit!
